

REACH Declaration of Conformity

As a manufacturer of electronic products, ehb electronics gmbh is a so-called "downstream user" in the sense of REACH. You purchase exclusively non-chemical products (articles) from us. In addition, no substance is to be released from the articles you purchase under normal and reasonably foreseeable conditions of use. Therefore, ehb electronics gmbh is in principle subject neither to the obligation to register nor to the obligation to prepare safety data sheets.

ehb electronics gmbh fully complies with the obligations of a "downstream user" and will inform immediately according to REACH Art. 33, if ingredients of our products (from a content of > 0.1 %) are classified by the European Chemicals Agency (ECHA) as being of very high concern. As things stand today, however, we do not expect this to happen.

Irrespective of this, we are intensively monitoring the implementation of REACH at our suppliers in our own interest and to ensure a high level of product safety for our customers. So far, we have no indications of any effects of the REACH regulation on our products or production processes.

This declaration is made for the substances on the list of substances of very high concern for authorisation published by ECHA, as of 2025-11-05, published in accordance with Article 59(10) of the EU REACH Regulation.

This declaration is made responsibly for the following manufacturer:

ehb electronics gmbh
Hans-Böckler-Str. 20
30851 Langenhagen
Germany
